

JetStream[™] Water-based Contact Insecticide

PRODUCT CODE: 007466			
1. CHEMICAL PRODUCT AND COMPAN	IY INFORMATION		
PRODUCT CODE:	007466, EPA REG. NO. : 1	021-1851	
PRODUCT NAME:	JetStream [™] Water-based	Contact Insecticide	
PRODUCT DESCRIPTION:	An insecticide for use as a L	JLV, Space, Area, Contact Spray, or Thermal Fo	og.
CHEMICAL NAME:	Mixture		
MANUFACTURER:	McLaughlin Gormley King C	company, 8810 Tenth Avenue North, Minneapoli	s MN. 55427
TELEPHONE M-F, 8:00-4:30 CST, 14:00	-22:3GMT:	(800) 645-6466 or (763) 544-0341	
MSDS & Product Information, 8:00-4:30	CST, 14:00-22:30 GMT:	(800) 645-6466 or (763) 544-0341	
CHEMTREC U.S. and CANADA:	(800)-424-9300	CHEMTREC (ALL OTHER AREAS):	(703) 527-3887
FOR INFORMATION REGARDING MED	CAL EMERGENCIES OR PE	STICIDE INCIDENTS CALL:	
1-8	388-740-8712 in U.S and CAN	ADA or 952-852-9509 from all other areas	

2. HAZARDS IDENTIFICATION

POTENTIAL HEALTH EFFECTS: EMERGENCY OVERVIEW

CAUTION. Harmful if absorbed through the skin. Avoid contact with skin, eyes, and clothing.

EYES: SKIN:	May cause temporary irritation, tearing, and blurred vision. Can cause skin irritation. Can cause a burning or prickling sensation on more sensitive areas (face, eyes, mouth). Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.
SKIN ABSORPTION:	Harmful if absorbed through the skin.
INGESTION:	May be harmful if swallowed.
INHALATION:	Excessive inhalation may cause nasal and respiratory irritation.
CHRONIC EFFECTS:	None known.
CARCINOGENICITY:	None of the components present in this material at concentrations equal to or greater than 0.1% are listed by IARC, NTP, OSHA or ACGIH as being carcinogens.
Carcinogenicity/	Pyrethrum has been tested in chronic feeding studies in mice and rats. Slightly elevated incidences of benign tumors
Oncogenicity:	of the thyroid and liver were seen in rats following high doses of Pyrethrum. Further detailed scientific studies into the
Pyrethrins and PBO	mechanism causing these responses indicate that these effects in the animals only occur at doses greatly exceeding the likely human exposure levels. Thus, the effects seen in animals are of little relevance to humans. Marginally higher incidences of benign liver tumors in mice were observed following lifetime high dose exposures to PBO. The doses at which tumors were observed for pyrethrum and PBO greatly exceeded potential human exposure from labeled uses. Doses at which these effects were observed greatly exceed anticipated human dietary intake. At anticipated dietary exposure levels, it is highly unlikely that this product will result in carcinogenic effects.

This material is considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200).

COMPONENT(s)	CAS #	EXPOSURE LIMITS	SARA Title III Sec. 313 de minimus conc.	% BY WEIGHT	
Pyrethrins	008003-34-7	5 mg/m ³ (OSHA, ACGIH)	Not Applicable	1.00	
Piperonyl Butoxide	000051-03-6	Not established	1.00	2.00	
MGK [®] 264 Insecticide Synergist	000113-48-4	Not established	Not Applicable	3.00	
PEL = Permissible Exposure Limits. TLV = Threshold Limit Value.		TWA = Time Weighte STEL = Short Term E	TWA = Time Weighted Average (8 hr). STEL = Short Term Exposure Limit (15 min.).		

4. FIRST-AID MEASURES

FIRST AID PROCED	URES:
EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
SKIN:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
INHALATION:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth- to-mouth if possible. Call a poison control center or doctor for further treatment advice.
INGESTION:	Immediately call a poison control center or doctor for treatment advice. DO NOT give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or doctor. Never give anything by mouth to an unconscious person.
NOTE TO PHYSICIAI	NS: For skin effects, a highly efficient therapeutic agent for Pyrethrin exposure is topical application of Tocopherol Acetate (Vitamin E).

McLaughlin Gormley King Company **PRODUCT CODE:** 007466 JetStream[™] Water-based Contact Insecticide

5. FIRE FIGHTING MEASURES			
FLAMMABLE PROPERTIES:			
FLASH POINT: > 200	°F/ > 93.3 ℃ METH	HOD: TAG Closed Cup	
This product is NOT classifie	d as a combustible or flammab	ble liquid by OSHA.	
	BLE LIMIT: not established.	UPPER FLAMMABLE LIM	IT: not established.
AUTOIGNITION TEMP	ERATURE: not established.		
HAZARDOUS COMBUSTION PRO	DUCTS: Under fire condit gases such as c	tions this product may support co arbon monoxide, carbon dioxide,	mbustion and may decompose to give off toxic , and nitrogen oxides.
EXTINGUISHING MEDIA:	Foam, carbon di	ioxide, or dry chemical.	
FIRE FIGHTING INSTRUCTIONS:	breathing appara		upwind of fire. Use a full-faced self-contained ar. Keep nearby containers and equipment cool with
6. ACCIDENTAL RELEASE MEASU			proper disposal.
		ntain release if possible and if i	mmediate response can prevent further damage or
danger. Isolate a			rapors. Absorb with appropriate absorbent. Clean
		ntain release if possible and if i	mmediate response can prevent further damage or
