DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- [Break bait stations away from the plastic frame and] Place in areas where large cockroaches have been seen and where they hide. Large cockroaches hide near or in floor drains and other exposed plumbing fixtures, near basement windows and doors, sewers, steam tunnels, and where food is prepared and stored. For outdoor use, place bait stations in areas adjacent to structures where roaches may rest or breed, for example on decks, stairs, and patios; around woodpiles, plants and trees; near vents, pipe chases, electrical conduits, windows, and other points of entry. -or-
- [Break bait stations away from the plastic frame and] Place in areas where cockroaches have been seen and where they hide. Cockroaches infest dark, warm, damp locations.
- The stickers provided in the box -or- bag can be used to attach bait stations to vertical surfaces if desired. -or-
- The bait stations can be stuck to a vertical surface by peeling off the bottom label to expose adhesive.
- For effective roach control use 2-3 -or- 4-6 bait stations per 100 square feet of horizontal surface area. Place adjacent to walls and flush in corners.
- Do not spray the bait stations. Avoid placing the bait stations on freshly sprayed surfaces.**
- Roaches will begin eating the bait immediately and you should expect to see fewer roaches within two weeks.
- Replace **all stations every 3 months** for continual control of large cockroaches. -or-
- Inspect all bait stations and replace as needed for continual control of roaches.

This product is specially designed for large cockroaches, such as American and Oriental roaches, as well as waterbugs and palmetto bugs. It may be used indoors and outdoors for the control of cockroaches in any area where large cockroaches are a problem, such as residential, warehousing and commercial establishments, including food service, food manufacturing and food processing facilities, hospitals, schools, day care centers, nursing homes, health care facilities, laboratories, computer and electronic equipment facilities, pet shops, zoos, basements, buses, boats, trains, and aircraft. This product has an odorless bait that cockroaches eat even in the presence of other foods and is packaged in a child-resistant bait station.

-or-

This product may be used for the control of small cockroaches, such as German or Brown-Banded roaches, in any area where they are a problem, such as residential, warehousing and commercial establishments, including food service, food manufacturing and food processing facilities, hospitals, schools, day care centers, nursing homes, health care facilities, laboratories, computer

and electronic equipment facilities, pet shops, zoos, basements, buses, boats, trains, and aircraft. This product has an odorless bait that roaches eat even in the presence of other foods and is packaged in a child-resistant bait station. The patented transparent red top enables you to monitor bait consumption while providing roaches their preferred environment, darkness, because roaches do not see light in the red spectrum.
